

## Pioneering Microalgae Innovation. Empowering Health Naturally.

MK Agro Foods is India's leading and only end-to-end manufacturer of high-quality *Spirulina* and *Chlorella* supplements—nature's most powerful superfoods. We offer complete white label and private label solutions, from cultivation to finished product, backed by scientific innovation and clean processing.

At MK Agro Foods, we blend biotechnology with nutrition to create sustainable, nutrient-rich microalgae for the nutraceutical, wellness, functional food, and cosmetic industries. With a state-of-the-art facility, we ensure unmatched purity, potency, and quality—empowering brands across global B2B markets.

Low MOQ. Fast Turnaround. Your Algae Brand, Ready to Go.

### Our Core Products

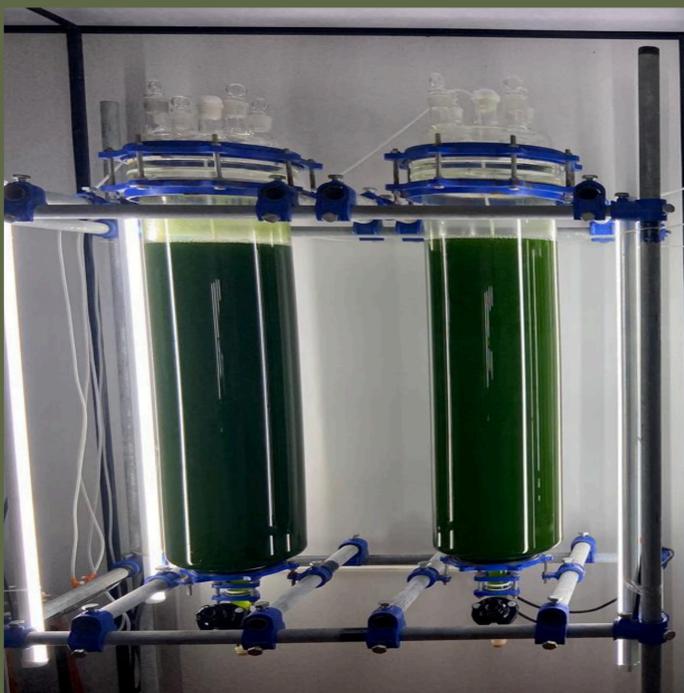

We are a vertically integrated manufacturer of:

- *Spirulina (Arthrospira platensis)*
  - Rich in protein, iron, B12, and antioxidants
